4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

7 (1) By August 1, 2008, the superintendent of public instruction
8 shall solicit and select up to six school districts to implement, on a
9 pilot project basis, this section. The selected school districts shall
10 include districts from urban and rural areas, and eastern and western
11 Washington.

12 (2) Beginning with the 2008-09 school year, as part of a public
13 school's enrollment process, each school participating as a pilot
14 project shall annually inquire whether a student has health insurance.
15 The school shall include in the inquiry a statement explaining that an
16 outreach worker may contact families with uninsured students about
17 options for health care coverage. The inquiry shall make provision for
18 the parent or guardian to authorize the sharing of information for this

1 purpose, consistent with state and federal confidentiality
2 requirements.

3 (3) The school shall record each student's health insurance status
4 in the district's student information system.

5 (4) By December 1, 2008, from the district's student information
6 system, the pilot school shall develop a list of students without
7 insurance for whom parent authorization to share information was
8 granted. To the extent such information is available, the list shall
9 include:

10 (a) Identifiers, including each student's full name and date of
11 birth; and

12 (b) Parent or guardian contact information, including telephone
13 number, e-mail address, and street address.

14 (5) By September 1, 2008, the department and superintendent shall
15 develop and make available a model agreement to enable schools to share
16 student information in compliance with state and federal
17 confidentiality requirements.

18 (6) By January 1, 2009, each participating pilot school and a local
19 outreach organization, where available, shall work to put in place an
20 agreement to share student information in accordance with state and
21 federal confidentiality requirements. Once an agreement is in place,
22 the school shall share the list described in subsection (4) of this
23 section with the outreach organization.

24 (7) The outreach organization shall use the information on the list
25 to contact families and assist them to enroll students on a medical
26 program, in accordance with chapter 74.09 RCW.

27 (8) By July 1, 2009, pilot schools shall report to the
28 superintendent of public instruction:

29 (a) The number of students identified without health insurance
30 under subsection (2) of this section; and

31 (b) Whether an agreement as described under subsection (6) of this
32 section is in place.

33 (9) By December 1, 2009, the department and the superintendent
34 shall submit a joint report to the legislature that provides:

35 (a) Summary information on the number of students identified
36 without insurance;

37 (b) The number of schools with agreements with outreach
38 organizations and the number without such agreements;

1 (c) The cost of collecting and reporting data;
2 (d) The impact of such outreach efforts they can quantify; and
3 (e) Any recommendations for changes that would improve the
